About I am a freelance Location Sound Supervisor / Sound Recordist / Production Sound Mixer. I have over 15 years experience working on Films, TV programmes, Commercials and Corporate productions. I am a Full Member of both **The Association of Motion Picture Sound (AMPS)** and the **Institute of Professional Sound**.

After graduating with a First Class Honours Degree in Music I worked as a Sound Recordist & Boom Operator for the facilities house TX at Shepperton Film Studios and BBC Birmingham (Pebble Mill) before going freelance in 2005. I am married with two daughters. We live near Guildford (just outside of the M25) with easy access to Central London as well as Heathrow & Gatwick Airports.

Below is a small selection of my credits. For additional credits, please visit www.soundman.tv
