

LEON HOSER 1st A.C / Camera Assistant

Mobile: 07970 026 140 Email: leon_hoser@hotmail.com
Diary Service: LINKLINE: 020 8426 2200
Date of Birth: 2nd October 1973
Driving Licence: Full/Clean
Valid British Passport

Previous Employment:

1994 - 1999 S.L.V Camera Facility Company based in Wandsworth South London.

I have worked as a professional camera assistant since 1999. After moving up to focus pulling from loading in 2001 I have gained practical and technical expertise in all forms of camera designs and lenses and working on demanding projects using classic primes such as Panavision PVintage, Canon K35, TLS Cooke Pancros, Zeiss Superspeeds, Cooke S4's & 5's and also Cooke Varotal zooms. I was lucky at S.L.V to be trained on both film and digital formats so the transition as 1st a.c to purely digital in recent years has been a smooth one.

FILM: Aaton Super 16 & 35mm, Arri 35mm & 16mm models, Moviecam and Panavision Camera's

DIGITAL: Arri Alexa range inc. Mini & 65's, Red Dragon & Epic Camera's, Sony F.55 / 65's

STEADICAMS: I have experience building / balancing currently used steadicams and rigging lens control systems such as Prestons, Arri L.C.S's and C Motion.

GRIP EQUIPMENT: Mini Jibs, Jimmy Jibs, Key West / flat bed Dollies, Elemacks, Spider Dollies, Helicopter Mounts, Car Mounts and Various Underwater Housing rigs and have experience working with the Chapman Peewee and Hybrid models.

Projects I have worked on as 1st A.C:
