With a wealth of experience as a sound recordist based just outside South London, I have been involved in numerous Television dramas, documentaries, reality programmes, commercials and corporate shoots within the UK and Worldwide. Using the most up to date equipment available, you can be sure of a broadcast quality audio recording service.

The following is a selection of programmes I have worked on in the last few years up to 2016, having been freelance for over 20 years I have worked on many different programmes and genres to list. I own a full sound kit.
