I worked at Hotcam Professional Broadcast Equipment hire and rentals for 4 years, starting out as a kitroom technician and I left as one of the in house camera operators. During my time at Hotcam I gained an in depth technical knowledge of the different equipment available to hire to clients; testing & prepping this kit for clients allowed me to gain good working knowledge of different types of camera kit. I am able to handle carnets for large amounts of equipment can also confidently deal with customs when it comes to travelling large amounts of kit around the world.

Below is a list of some of the camera kit I am familiar with:

Sony F55/F5

Sony EX3/FS5/FS7

Sony A7S (Mark i & ii)

Sony PDW F800

Canon C300/ C100

Canon XF305

Canon 5D/7D

Panasonic AW-HE60SE

Arri Amira/ Alexa/ Alexa Mini

GoPro Hero (various models)

Blackmagic Cinema/Ursa

Toshiba IK-HR1S

I am also fully able to use:

DJI Ronin/ Ronin M

Freefly Systems Mövi M5 & Mövi Pro

DJI Osmo
