With 7 years experience in the industry, Alex has become a well established lighting cameraman and thrives on a challenge, enjoys developing his technical knowledge and is confident collaborating with Directors and Producers to help deliver their vision. Alex has the training, experience and enthusiasm to deliver high quality footage on time and to a budget, working well with crew and contributors.

Based in London, Alex's filming assignments have taken him all over the world from South America to the Middle East, shooting in diverse and challenging environments. He brings valuable technical expertise and a high level of creativity to any shoot. He has technical experience and proficiency on all formats. His work in television has seen him produce content for ITV, BBC, C4 and Sky on a wide variety of programmes including, drama, commercials, corporate, factual and entertainment.
