Diary Service: 0208 426 2200
mail@linklinecrew.com
Car owner, Full British Driving License (Clean)

During my time in the kit room at HotCam LTD I gained an in depth technical knowledge of the equipment hired out, from Cameras to Lighting and Sound. I also built a strong practical knowledge when using the equipment on jobs first hand as a Camera Assistant and Operator.

Since going freelance I have built on my Camera Assisting experience by working on a different variety of jobs including Factual and more Corporate work. I have also gained more shooting time on various formats and cameras as PSC and as 2nd / 3rd camera backing up the main shooter.
