- ❖ All the useful bits that make it all work
- ❖ Mercedes Vito crew van

RATES

I charge like most crew members a fair and honest rate in line with BECTU Guide lines. Equipment is quoted depending on what is required for each project.

ABOUT

I am a freelance sound recordist with over 20 years experience in recording sound. I have worked on a very wide range of productions and formats from Drama, commercials, reality TV, corporate and live broadcasts. I also sound supervise on certain productions bringing together fellow crew where productions need multi radio microphones. I have worked all over the world, sometimes in very harsh environments and strive to achieve the best sound possible using my experience and knowledge to achieve this.
