With 10 years of industry experience, I have worked my way up in the camera department on Commercials, Features, Documentaries, Live OB, 3D, Corporate and many more. My broad spectrum of work has taken me to all types of environments around the world, this has given me the necessary experience to work at speed with professionalism and creativity. I have a broad knowledge of all digital camera systems, 3D production and specialist rigs including the Ronin and Eye Direct.
