## DOP - Lighting Cameraman

### CV

Having learnt my trade at what was The Cruet Company, I went freelance and have now worked for over a decade in the industry. I have gained a great deal of experience across a wide variety of genres, helping me to add value to every job.

I'm hardworking, enthusiastic and creative, and thoroughly enjoy the challenge of each shoot; whether as DOP, Lighting Camera or Operating on a multicamera shoot. I work both with and without my own equipment and am familiar with the many cameras in this ever evolving industry. Below are a few recent credits:
