## Joshua J Montague

Lighting Cameraman

A London based, friendly, passionate and driven Cameraman with over 9 years experience working in the industry. I've worked on a wide range of Formats, ranging from commercials, documentary, game shows, online content, corporate, music promos, short films and Reality. Having invested over 4 years at one of London's busiest Facility companies, I've developed an extensive technical knowledge on a variety of the industry's leading Cameras, kit and lighting. I have also been privileged to have shot and assisted a number of extremely talented and well established Operators and DOP's over the years, which has helped me develop my skills. My understanding and experience of lighting is comprehensive. I also own a Sony F55 Camera, Ronin S, Sony A7Riii, Dolly as well as Lighting.
