ABOUT ME

With over 15 years in the industry, Sean is a passionate multi-skilled camera & jib operator who prides himself on his technical and creative ability shooting in various conditions. Sean has an in depth knowlwdge of many different camera formats and lighting methods, in which he learnt through the years camera assisting and focus pulling. He has experience working across many different genres and comfortable at home or abroad. Having many years filming in tough & hostile environments, he has acquired considerable experience dealing with carnets and complex setups especially thriving in adventure/expedition filmmaking. Many of the shoots Sean has worked on involve stabilised gimbals, camera cranes (in particular jimmy jibs) and car rigs in which he is confident operating for all types of productions. Sean is always committed to accomplishing the best visual style, working alongside crew and client.
