

Dave Williams Sound Recordist/Mixer

Full Hostile Environments Training for over 10 Years.

Ivisa . Till 2021

Full Inoculation for World Wide Travel.

Education. London Film School 1989-91

Grade. Film/Location Sound Mixing.

Member of A.M.P.S [Asociation of Motion Picture Sound]

I have Worked in over 100 countries, in every Environment the Planet has to offer, I was originally trained in film Sound. like most other Recordist/mixers, I have moved with technology, From working with one presenter and one contributor, To Multiple presenters and multiple contributors all out of one bag, Just like most location Recordists we supervise and execute large productions. PSC recordists are probably the most Versatile of all the Sound Departments, as we have to deal with situations as they happen with next to no time to weigh up the possible options, All of this is done with a bag of electronics hanging around our necks and a pole over Head. Fitness along with good Communications is key to this.

Please Get in Touch to discuss the Sound for any Production you have. I love to be in it from the start, I have nearly 30 years Experience to offer.

Recent Production's 2018

Gold Rush series 9.

The Killer Beside me series 1. Drama Re-Enactment's [October Films]
