

ABOUT ME

I've over 25 years experience in Broadcast Sound. I have now been freelance and running my own company Boominshot Ltd for over 20 years .

During my career I've worked with all the major UK broadcasters and Production Companies as well as many international clients.

I pride myself on my professionalism whilst on location, love working as part of a team and understand the benefits that good audio can bring to your production.

Equally happy supervising multiple radio mic multi recordist productions, running timecode setups and comms on large desks to standard PSC bag work.

Based in Brighton, but I work throughout the UK and worldwide and have extensive travel experience.

For bookings or to discuss your next production then please contact me.

AUDIO KIT

Over the years I have built up a full and comprehensive selection of kit which can be tailored to suit any situation required.

Here's a small selection :-
Sounddevices 833 / 633 / 788 Mixers
Zaxcom Digital Radio Mics
Audio Wireless Radio Mics
Zaxcom Wireless Link
Zaxcom IFB System
Sanken Cos 11 Microphones
Timecode System Timecode Pulse & USO's
Sennheiser / Schoeps Microphones
Cinela and Rycote Windshields
Trakker Sound Trolley

In the unlikely event that I don't have a specific piece of kit I work closely with the major audio rental houses who have always been able to supply anything extra.

All kit is regularly maintained and serviced.

DRONE

Drone shots can add another dimension to your production.

I hold a current CAA PfCO and have been operating drones for the past few years.

Kit includes
Mavic 2 Pro
Smart Controller
Dual Controllers
Freewell ND Filters
Freewell Polarising Filters
