I feel very lucky to work in an area I'm extremely passionate about. I've always been fascinated by great films and TV and knew from an early age that I wanted to work in this field. I now have over 20 years' experience as a broadcast cameraman and my work encompasses a wide variety of genres including; independent films, documentaries, music promos and corporate productions. I'm equipped with Sony PXW FX9, FX6 and A7S3 cameras. I have a comprehensive selection of lenses including; Canon CN8, CN10, CNE Primes and Sony G-Masters. I also have a Polecam jib, Ronin RS2 gimbal and a wide range of lighting. I continue to invest in my kit to make sure I have the newest and best film-making tools available. I'm also a CAA qualified drone pilot; the sky really is the limit now!
