Professional Experience

I am a freelance Camera Operator, working primarily in Entertainment, commercial and corporate areas. Before going freelance I spent 5 years working at Hotcam facilities House. In that time I gained experience preparing and fixing cameras in the kit room, while there I also went out on location as a camera assistant and eventually as a camera operator. I have done a variety of projects including “The Only Way is Essex”, “Britain’s Got Talent” and “The Voice”.

Equipment

I am proficient with numerous camera systems ranging from Sony to Arri to Canon (full details listed below), In terms of lenses I have experience working EF, PL, E mount systems, including Canon E and EF, CP2, Cooke, Super Speeds and Cine Primes just to name a few.
