

# JAMIE DODDS

Director of Photography

# CV

## ABOUT ME:

I have over 20 years in this industry - having learnt my trade at (what was) The Cruet Company, I went freelance and have worked my way up through the ranks ever since. I have a vast amount of experience across a wide variety of genres, filming both here in UK and around the world, and this experience allows me to offer a great deal of creativity.

I'm hardworking, enthusiastic and passionate, and thoroughly enjoy the challenge of each shoot - building good working relationships with Directors and Crew alike.

I can provide a lot of kit, if needed and am familiar with the many cameras in this ever evolving industry.

## EQUIPMENT:

Sony FX9 kit ~ Cine Prime lenses ~ Sony FX3 kit

Ronin RS3 ~ Wireless directors monitor

Lighting & grip kit ~ 5 seat equipment van
