

Macaulay Haines

Camera Trainee

I am an attentive, efficient and hardworking experienced Runner looking for opportunities within the Camera Department. I am always striving for new opportunities to further my experience, progress and knowledge within the camera department. Over the last couple of years, I have built up my own floorbag of tools, kit and equipment to help assist with any problems I may come across on location. In my free time, I love taking photos, putting my creative eye to work and playing football.
