

RENATO FERRARI

SOUND

PROFILE

Sound Recordist with over 25 years of experience in capturing high-quality audio across a diverse array of media, including **commercials, documentaries, corporate films, drama, children's television, short films, and reality tv shows**. Recognized for a meticulous approach to sound design and a deep understanding of the technical and creative aspects of production. Extensive experience working in various settings, both in the UK and globally, allows for a flexible and adaptive working style.
