Hi, I'm Luke.

From shooting in remote locations to capturing beautiful food content in London studios, I'm a highly skilled and versatile Camera and Drone Operator. I also run Propeller Fellas, which provided drone for some great British series last year.

Take a Luke...

REGULAR & ONGOING CLIENTS

SUFFOLK FILMS:

Suffolk Films produce high end films for educational institutions and charity organisations. The films cover a diverse range of topics and subjects - from the history of the Organ Program at Westminster School and Cathedral, to digital assets for public and private schools.

As the main DoP for Suffolk Films, I light and shoot interviews with the heads of organisations and staff, whilst also capturing a diverse range of dynamic B-roll and aerial footage.

SPECIAL TREATS:

Special Treats have been producing high end content for the Film and TV industry for over 30 years.

Operating on junkets and BTS for Special Treats, I regularly light and work with international actors and talent.

TASTE MADE:

Tastemase create food content and branded digital assets for use across their diverse range of social and digital platforms.

As a DoP for Tastemade, I love shooting and lighting food.... and often getting to eat it!

Tastemade

Airborne since 2016, we've provided aerials and drone for some great British series. From planning to filming, whatever your requirement, we have the right drone and expertise to capture dynamic and stunning aerials for your production. We have flown all over the UK and abroad, and are licensed to fly in America and Canada too. We can also provide dry hire equipment for your production.
